Prints, Posters, and Cards

Limited Editions

Every image is produced in a limited number, and you'll find that most are limited to only 50. Limited edition numbers are the total number of photographs that will be printed in sequential order not including artist proofs. Each print is individually printed, produced and signed by the artist. **After all editions have been sold, the image will never again be printed as a photographic print, making your limited edition photograph a truly unique work of art.**

Shipping Fees

There is a fee of \$10 for anywhere in the continental U.S. All prints and posters are sent US Postal Service in crush-proof shipping tubes. If you would like your print to be shipped flat, or sent via a different carrier, please just let me know. *(additional fees may apply to flat shipped art)*

Turnaround Time

Each print is individually produced in sequential order. Please allow up to 10 days to receive your order. However, most orders are filled and shipped within 48 hours.

Framing

Limited custom framing is available. Most of the frames are vibrant candy coated metallic in assorted colors. Please **contact me** for a price quote on custom framing and shipping.

Photo Quality Posters

I now offer an open edition, photo quality poster of all my images. Posters are 16"x20", and panoramics are 16"x30". Each poster is individually produced on a photo quality super-luxe paper. These reproductions are much better than regular mass produced posters, and are rated to be lightfast for 100 years. These posters make excellent low cost, high quality gifts perfect for framing.

Licensing

Limited licensing of images for commercial and personal use is available. Price ranges vary depending on the photograph, press-run quantity, and/or use in different media.

For more information, please **contact me at** info@rolandtaylor.com.
